HATCHES

CAMEC 4 SEASONS EVOLUTION ROOF HATCH

044483

The NEW Camec 4 Season Evolution Roof Hatch is not only the most versatile and easy to use hatch but now has improved design, LED lights and roller blind. These features take the practical hatch into a modern and stylish caravan feature.

FEATURES:

- Fully designed in Australia for Australasian Conditions
- Retains Camec's famous 4 season functionality
- Passive ventilation - 182cm²
- Each flap has three opening positions (Closed, Rain Mode, Fully Open)
- New elegant design
- Tough ASA construction resulting in improved sealant adhesion
- Fully tested in Australia
- Easy installation from inside the RV
- Includes skylight - tinted high impact resistant acrylic
- Includes custom roller blind with multiple detent positions
- Integrated LEDs
- White colour temperature selectable, blue night light function and dimmable
- Ergonomic vent controls
- 2 Year Warranty

SPECIFICATIONS:

- Hatch Size: 700 x 500

CAMEC 4 SEASONS HATCH

004209

004210 INTERNAL TRIM FOR NEW MODEL ONLY 2011 - 50MM

The Camec Four Seasons Hatch, the most versatile and easy to use hatch on the market, is now even easier to install thanks to pre installed EPDM foam tape around the perimeter. Easy to open and close on all 4 sides and featuring fully removable fly screens for ease of cleaning or replacement. The hatch can be left partly open while out of the caravan for the day, allowing airflow into your caravan while having no concerns of water getting in through the hatch if it rains.

FEATURES:

- Complies with gas codes
- One piece moulded main body
- Easy to fit
- Screens removed easily for cleaning

SPECIFICATIONS:

- Cut-Out: 660mm x 660mm
- Fits old 4 Seasons Hatch cut out
- Fitted tape with pre-drilled holes
- Supplied with wind deflector

280 X 280mm.

These compact vents are a small version of the 400x400 Vent 160. Made of superior quality impact and UV resistant materials. Supplied with permanent air flow ventilation and fitted with a permanent mosquito screen. The external aerodynamic cover guarantees a watertight system.

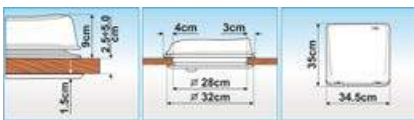

For installation on roof thicknesses to a max 8.5cm order the Handle Extension Kit 002732 SA235 - Handle Extension Kit for Vent 28

FIAMMA TURBO VENT

- 002866 WHITE
- 002867 CRYSTAL
- 002732 HANDLE EXTENSION KIT

The Turbo Vent is a ventilation system made from high quality materials, that are shock and UV-resistant. It changes and refreshes the air inside your vehicle within seconds thanks to the high speed motor and massive 10 blade fan. It is the only vent of its kind with an innovative electronic circuit that allows rapid, problem free, change of rotation. The cover is open and closed manually, with a central arm providing additional stability. Supplied with Double external mosquito screen to collect leaves and other debris from falling into the vehicle. Can be installed on roofs with depths of 3cm to 45cm.

For installation on roof thicknesses of more than 45mm order the Handle Extension kit below:

FIAMMA TURBO VENT 280MM X 280MM WITH FAN

- 001488 TURBO - WHITE
- 001491 TURBO - CRYSTAL
- 002732 HANDLE EXTENSION
- 001853 REPLACEMENT LID WHITE
- 043951 REPLACEMENT LID CRYSTAL

Ideal for airing small spaces such as bathrooms. The aerodynamic vent is supplied with fan, and with an air flow ventilation system and insect screen.

FEATURES:

- Includes anti-theft device and roller blinds
- Rainproof
- Internal installation system - not necessary to drill holes in vehicle
- High quality UV ray resistant materials
- Polar control thermostat - regulates incoming and outgoing air according to the vehicle's inside temperature
- Water tight

SPECIFICATIONS:

- Dimensions: 280mm x 280mm
- Feeding Tension: 12V
- Absorbed Power: 25W
- Fan Diameter: 180mm
- Maximum Air Flow: 9M3/min
- Maximum Electric Input: 1.9A

FIAMMA VENT 160

- 040694 FIAMMA VENT 160 WHITE
- 002907 REPLACEMENT LID WHITE

Aerodynamic, thanks to its elegant external profile top. During high-speed testing noise and vibrations are greatly reduced. Thanks to the new outside cover and exclusive patented rubber seal, a watertight system guarantees rain streams down without the possibility of it coming in. Made from UV-Ray resistant materials. Can be installed on roofs with depths of 2.5cm to 5.0cm Max.

ROLLER BLIND 400X400

003661

Roller blind system for installation on Fiamma vents 400 x 400mm.

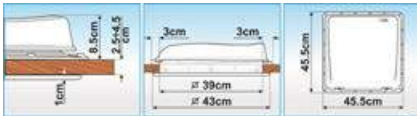

Permanent ventilation thanks to side grills. Low profile frame.
