Audio . . . . .	36
Satellite antennas . . . . .	39

RV Media TV's were launched May 2013 and while there have been model changes and updates, it is time for a new Evolution in RV TV's! Features included standard on RV Media Evolution series 19"-24" TV's, now include Low RV Battery Voltage Warning, 2 x HDMI inputs, our exclusive Backlit Remote control, RCA & headphone audio outputs and more! Plus the 22" and 24" models feature Bluetooth® wireless audio meaning you can easily connect anything from a set of Bluetooth® headphones, portable Bluetooth® speaker or even your RV's existing Head Unit (if it has Bluetooth®) wirelessly to the TV so you can enjoy enhanced TV audio! The 24" model also features an inbuilt Android powered Smart TV. It allows you to browse the inbuilt web browser by streaming shows and movies. Even view your favourite social media account!

**BLUETOOTH WIRELESS AUDIO**

22" and 24" RV Media TV models feature an inbuilt Bluetooth® Wireless Audio Transmitter which allows you to send audio from the source you are watching on the TV wirelessly to other Bluetooth® enabled devices. These could include the RV's Bluetooth® head unit - which will allow you to hear the TV via the RV's speakers, or external Bluetooth® speakers such as the RV Media Bluetooth® Speaker/Light, portable Bluetooth® speakers or even Bluetooth® headphones. You can even optionally turn the TV's speakers on or off while using Bluetooth® for maximum flexibility.

**ON SCREEN LOW BATTERY VOLTAGE WARNING**

Low RV battery voltage can not only potentially damage your 12V equipment, it may also reduce battery life. To ensure this does not happen while watching TV, all RV Media Evolution Series TV's will display an on screen low battery voltage warning message when the system voltage drops below 11V.

In addition to this, RV Media Evolution TV's are designed to operate on a wide 10-30 Volt range to ensure reliable operation in the most adverse conditions.

**BACKLIT REMOTE WITH QUICK TUNE**

Our exclusive backlit remote control ensures easy TV operation without the need to turn on the RV's lighting and disturb other people. The remote is even compatible with all Series 3 RV Media TV's! While travelling, it is advisable to re-tune your Digital TV Channels (DTV) when visiting a new town or area. The process is now easier with RV Media's QT button. Simply press the dedicated QT button on the remote to start the DTV tuning function.

**19" LED HD EVOLUTION TV/DV/PVR**  
044817

Includes 12/24V accessory lead, remote control and batteries, user manual.

- **SPECIFICATIONS:**
- 1366 x 768 resolution
- Dimensions without base: 427 x 262 x 48mm
- Dimensions with base: 427 x 291 x 139mm
- Net weight: 2.3kg
- Inputs: HDMI x 2, USB 2.0 x 1, VGA (PC) x 1, PC Audio x 1, Antenna x 2, Composite x 1, Component x 1
- Outputs: Headphones (3.5mm) x 1, Co-axial Digital x 1

**OPTIONAL STAND AND PLUGPACK**

**22" LED FULL HD EVOLUTION TV/DV/PVR**  
044818

Includes 12/24V accessory lead, remote control and batteries, user manual.

- **SPECIFICATIONS:**
- Bluetooth® wireless audio
- 1920 x 1080 resolution
- Dimensions without base: 503 x 305 x 48mm
- Dimensions with base: 503 x 334 x 176mm
- Net weight: 3.5kg
- Inputs: HDMI x 2, USB 2.0 x 1, VGA (PC) x 1, PC Audio x 1, Antenna x 2, Composite x 1, Component x 1
- Outputs: Headphones (3.5mm) x 1, Co-axial Digital x 1

INTELLIGENT LED

**RV MEDIA PREMIUM APP CONTROLLED RGB BLUETOOTH WEATHERPROOF LED SPEAKER / AWNING LIGHT**  
 WHITE 043268  
 BLACK 043269

The RV Media Bluetooth Awning Light not only streams audio from your Bluetooth device but you can control the integrated LED light via your smart phone. And if that is not enough, we have added RGB lighting to the speaker so you can select a light colour and intensity that suits you. Replace the existing awning light using an easy 2-wire DIY connection with no internal wiring needed.

**FEATURES:**

- Full light control - on/off, dimming and colour selection via our free smart phone app
- Orange "insect" light mode
- Variable colour scan "party" mode
- Sleep timer to completely power-off the speaker
- Utilises Bluetooth A2DP music streaming from your smart phone or Bluetooth device

IPX5 rated - also great for marine applications, pergolas, etc.

- FEATURES: 45 super bright RGB LEDs
- Patented worldwide
- No Wifi required
- Available in black or white

**RM MEDIA 200W 6" WATERPROOF 2-WAY RV SPEAKERS**  
 041849 WHITE  
 042490 BLACK/CHROME

**FEATURES:**

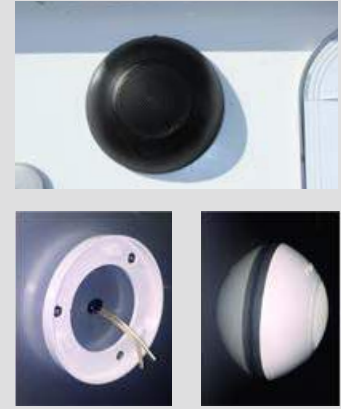

- 200W 2-way speaker with custom bridge tweeter
- Great for RV, marine and outdoor use
- Includes rubber screw covers for a neat install
- One piece easy install design
- Supplied with spacers to reduce mounting depth from 36.5mm to 22mm

**RM MEDIA 200W 6" WATERPROOF LED 2-WAY RV AND OUTDOOR SPEAKERS**  
 041850 WHITE

**FEATURES:**

- 200W 2-way speaker with custom bridge tweeter
- 30 cool white super bright LEDs (per speaker)
- Ideal for RV, marine and home
- Includes rubber screw covers for a neat install
- Supplied with spacers to reduce mounting depth from 36.5mm to 22mm

**RV MEDIA QUICK FIT FULLY WATERPROOF EXTERNAL 100W 2 WAY SPEAKERS**

044143 WHITE PAIR  
044144 BLACK PAIR

Suitable for mounting on profiled aluminium or flat panel walls, these Australian designed 100W 2-way speakers do not require a cutout to be mounted yet offer superb sound quality. Simply fit the custom mounting base then push and turn to mount the speaker! Supplied complete with universal foam sealing rings.

**FEATURES:**

- Perfect for flat panel RV walls as the rear of the speaker will not protrude in to cupboard areas and reduce storage space PLUS they will not cause internal vibrations in storage spaces
- They are great for campers too where there are no wall cavities available!

**SPECIFICATIONS:**

- Speaker height: 54.3mm
- Speaker diameter: 166mm
- Frequency response: 52-20kHz
- Power: 100W
- Nominal impedance: 40HM
- Neodymium tweeter magnet
- Polypropylene speaker cone
- IP65 Rated

**RM MEDIA 100W 5" DUAL CONE RV VALUE SPEAKERS**

041369 WHITE

**FEATURES:**

- Stylish budget speakers
- One piece easy install design
- Dual cone 100W rated
- 30.1mm mounting depth
- Lighter than metal "one piece" speakers
- Screw covers supplied
- Wiring included

**RM MEDIA 180W 6" 2-WAY LED SPEAKER WITH LIGHTS**

041371 WHITE

**FEATURES:**

- Combined speaker and integrated LED interior light
- Saves on roof space and installation time
- FEATURES: 33 cool white LEDs (per speaker) with an operating voltage of 10-28V
- 180W 2-way speaker with custom "swirl" grille and one-piece easy install design
- 34.2mm mounting depth

**RM MEDIA 180W 6" 2-WAY PREMIUM RV SPEAKERS**

041847 BLACK/CHROME

**FEATURES:**

- Premium 6" speaker with classy custom "swirl" grille surround
- One piece easy install design
- 180W 2-way with custom bridge tweeter design
- 34.2mm mounting depth
- Screw covers supplied

## FULLY AUTOMATIC FOLDING RV SATELLITE DISH 044024

Specifically designed for the New Zealand market. Viewing satellite TV couldn't be easier in an RV using the NZSAT Fully Automatic Satellite Dish - exclusive to Camec. This affordable 65cm satellite dish automatically opens then rotates to locate the satellite within 2 minutes. To ensure the satellite dish will never get damaged, it then can be wired to automatically fold down when the vehicle is started. The dish comes complete with a control unit (IDU) which is pre-programmed for the Optus D1 Satellite so the system is virtually plug and play plus you can also program other satellites in to the control unit if required.

### FEATURES:

- In-built GPS which aids satellite acquisition
- Fully programmable controller with multi-satellite storage
- Single coax cable only required from controller to dish
- Includes controller

### SPECIFICATIONS:

- 9-30V DC Input
- Wind tested up to 110 km/h
- Only 220mm high when closed
- Motorised LNB skew adjustment
- DVB-S2 MPEG4 HD ready
- 3 Year warranty
- Dish weight 11.9kg

## NZSAT 40CM PORTABLE SATELLITE DISH KIT 044179

### INCLUDES:

- 40cm top quality satellite dish
- Pre fitted (tuned) 10.75GHz (Bonus 11.30GHz also included)
- Fold out tripod mount with built in level
- Magnetic compass
- Settings sticker on dish- Suction cup window mount
- 15 metre RG6 coaxial cable
- Satellite finder meter including 0.8m RG6 coaxial cable
- Instruction sheet

## THE TRI SAT CAMPER 45 004185 041971 LNB HOLDER

Is a true 45cm fold up dish designed for camping and motor home television reception.

It's unique TRI stand and ability to completely fold away make this the perfect satellite dish system to use while away on holiday. Add a star view Micro satellite receiver and enjoy quality pictures. Easy to read and adjust.

### INCLUDES:

- LNB (10750)
- 10mtr cable

# SATELLITE ANTENNAS

## KING QUEST FULLY AUTOMATIC SATELLITE ANTENNA WITH FIXED/PORTABLE APPLICATION

- 044378 WHITE
- 044814 TINTED
- 044815 WHITE COVER FOR 044378
- 044816 TINTED COVER FOR 044814

Finally a Satellite antenna can be used as a permanent roof mounted antenna, or as a fully portable Satellite antenna solution! And, it's as easy to use as 1 .. 2 .. 3! Simply turn on the controller, wait for the system to calibrate then press scan to automatically locate the Optus D1 Satellite! The average Satellite acquisition time is less than 60 seconds!

### FEATURES:

- Designed for and extensively tested throughout New Zealand
- Easy to read and operate control box with LED display
- Self levelling design ensures fast setup speeds when arriving at site
- Lightweight, designed to be permanently mounted to a vehicle roof or used as a portable antenna to maximise satellite alignment when parking in sheltered areas
- Dome design eliminates the risk of forgetting to fold down the unit before travelling
- All weather resistant casing
- Antenna is powered by coax; no separate power cable to install
- Compact control unit; only 13cm(W) x 9.5cm(D) x 3cm(H)
- Control unit can be easily mounted with supplied Velcro strips

### SPECIFICATIONS:

- Control unit is powered via the supplied 12V accessory lead or 240V plugpack
- Kit Includes
  - Satellite control unit
  - Removable mounting feet for easy repair/replacement
  - 12V accessory lead
  - 240V plug pack
  - 20' RG56 antenna installation coax
  - Short coax connection cable
  - Instruction manual.

## SKYBOX SV6 SATELLITE RECEIVER

The ideal match for your recreation vehicle, this free to air satellite receiver is the smallest, most powerful, high definition receiver currently available. The Skybox V6 Satellite Receiver can be fitted horizontally or vertically, with the Built-in Infra-red features allowing the receiver to be tucked away and hidden in a nearby cupboard or draw, while still receiving the remotes signals. With the ability to record and pause live TV, use the latest pay-to view cards and the discreet size of this model, it is an ideal solution for your leisure vehicle

### FEATURES:

- No tuning required
- Factory set for 10750 LNB
- Full instruction manual
- Fully upgradable via software
- Record onto an external USB stick from the 7 day EPG guide system
- Built-in Infra-red to enable receiver to be hidden in a cupboard
- SB2 port to attach USB hard drives

### SPECIFICATIONS:

- Dimensions (mm): 105W X 105D X 35H
- Weight: 150g
- Supplied with 12V lead and a 230V power supply

### SPARE PARTS

- 003467 LNB HOLDER UV PROTECTED PLASTIC. WHITE.
- 004266 STARVIEW REMOTE CONTROL
- 004250 LNB 10.750 STARVIEW
- 042839 DECODER STARVIEW MICRO
- 041509 DOME MAGIC PACKET

### VUDOME REPLACEMENT PARTS

- 041413 DOME STANDARD
- 041414 DECAL
- 041925 REMOTE
- 043400 FOOT ASSEMBLY
- 043402 RG6 COAXIAL CABLE 35'

## SURELOCK ANTENNA SIGNAL METER

SL1000

040286

SureLock is a digital TV signal meter that enables you to pinpoint the location of television towers prior to scanning for television channels.

## SEAMASTER CABLE ENTRY COVER

003810

### FEATURES:

- 90°
- Dimensions: 9mm(h) x 15mm(L)

Lined area for notes.
